Quick Wins (Do This Week)

1. Create new campaign with Sales/Conversions objective (do NOT edit existing Traffic campaigns)
2. Install Meta Pixel on website and verify in Events Manager — takes 30 minutes
3. Activate CAPI via CAPI Gateway to recover 30-40% of lost conversion data
4. Change ad destination from Instagram Profile to website or WhatsApp
5. Consolidate all 6 campaigns into 1 campaign with 1 ad set at \$16/day
6. Configure event deduplication with event_id between Pixel and CAPI
7. Set attribution window to 7-day click / 1-day view in ad set settings

Special Ad Category Warning

Campaigns reference installment plans (Cuotas), down payment reductions (Bajada de Inicial), and payment modes. If KRASHDEPOT offers financing, credit, or installment products, the Financial Products Special Ad Category (enforced by Meta since January 2025) must be declared before campaign creation. Failure to declare results in campaign disapproval. Restrictions include: no ZIP code targeting, age 18-65+ only, no Lookalike Audiences.
